

HANOVER
SCHOOL DIVISION

Changing With Our Communities

Hanover School Division is required to regularly review the population of existing election wards. Due to population growth and movement within the existing boundaries, adjustments to the current wards were required in order to comply with The Public Schools Act. Hanover School Division has now received approval from the Minister of Education to realign the election ward boundaries.

The newly aligned boundaries seen below are now consistent with existing school catchment boundaries, meaning that in all cases parents will be voting for trustees representing schools where their children attend. These changes will be in effect for the Fall 2014 school board election.
