RE: Confirmed Case of COVID-19 at Niverville Elementary School

Dear Parent/Guardian of Niverville Elementary School

Manitoba Public Health officials have advised Niverville Elementary School that a confirmed case of COVID-19 was in the school on October 28 – 30, 2020. The grade 3 cohort is impacted.

Niverville Elementary School is working closely with public health officials and following their recommendations. Anyone identified as a close contact has been contacted and provided instructions for self-isolation (quarantine). Testing may also be recommended.

More information about self-isolation (quarantine) can be found at:

http://www.manitoba.ca/asset_library/en/covid/factsheet-isolation-selfmonitoring-returningtravellers-contacts.pdf

If you have questions in the meantime, you can call Health Links—Info Santé at 204-788-8200 or toll-free at 1-888-315-9257.

Please note: the school is not permitted to release the name or any identifying information about the confirmed case of COVID-19 to any member of the school, community or media.

If your child develops a new onset or worsening of any one symptom listed in Column A or any two or more symptoms listed in Column B (see table below), even if they are mild, immediately isolate them from others. It is recommended your child get tested for COVID-19 as soon as symptoms appear. Call Health Links—Info Santé at 204-788-8200 or toll-free at 1-888-315-9257 for information on testing and isolation.

*Ensemble vers un avenir plus sain.
Together leading the way for a healthier tomorrow.*
