

LEARNING FORWARD

As the 2021–22 school year comes to a close, we would like to take this opportunity to express some words of appreciation and a message of hope for the coming year.

Parents/caregivers play a critical role in their child(ren)'s education. This year, in particular, your support was paramount. Thank you for the continued communication between home and school. Much teaching and learning have taken place this year, and we want to express our gratitude for your critical role in supporting education. Thank you.

We also offer a hearty welcome to approximately 100 students and their families who have returned or enrolled in the last three months. The return to school in early April meant a resurgence of many exciting school activities that happened inside and outside the classroom, both during and after school.

As we turn our attention to planning for the next school year, there is much excitement, hope, and opportunity to move the learning forward through relevant, rigorous, and robust teaching and learning. We are conscious of the fact that the pandemic has left an impact in its wake on student learning as well as the mental health and well-being of our students, families, and staff. Our school division continues to collect and analyze student data such as summative assessments, grades, graduation rates, literacy, numeracy, and the recent student well-being survey (Grades 4-12). Data allows us to identify and address gaps in learning and provide appropriate resources through targeted interventions for all as well as student-specific plans. We aim to provide opportunities for growth and success for every child to be and become caring, connected, and contributing members of society.

We continue to have incredible pride in our division staff, students, parents and caregivers. I have every confidence in our dedicated and caring staff as we look forward to the learning and opportunities next year will bring us.

On behalf of our educators, support staff, superintendents, and Board of Trustees in the Hanover School Division, we look forward to welcoming you back in September with a renewed sense of hope, positivity, and opportunity for a bright future.

Shelley Amos
(B.Ed, M.Ed)
Superintendent/CEO

CELEBRATING OUR GRADUATES

On behalf of the Board of Trustees, senior administration, and staff of the Hanover School Division, we would like to take this opportunity to offer congratulations to the Graduating Class of 2022.

Graduates from Green Valley School, Landmark Collegiate, Niverville High School, and Steinbach Regional Secondary School will participate in commencement ceremonies in June. We recognize graduation as a significant milestone for students and their families.

We're so proud of the accomplishments of our students and count it a privilege to have been a part of their learning journey. We wish each of our graduates a wonderful graduation day and all the best in their future endeavours.

HSD CALENDAR OF EVENTS

June 29 - LC Graduation

June 29 - Last Day of Classes

August 24 - School Offices Reopen

September 6 - Meet Your Teacher Events

September 7 - First Day of Classes

MANITOBA'S K-12 EDUCATION ACTION PLAN

The Manitoba government recently launched the Manitoba K to 12 Education Action Plan. Manitoba's K to 12 Education Action Plan responds to the Report of the Commission on K to 12 Education and system learnings from the COVID-19 pandemic.

The Action Plan will guide the work of Manitoba Education and Early Childhood Learning, in partnership with education sector partners, over the next five years toward a vision that all Manitoba students succeed no matter where they live, their background, or their individual circumstances. The plan serves to strengthen student success through high-quality learning, student engagement and well-being, excellence in teaching and leadership, and responsive systems.
