

PROSPECTIVE TEACHERS

A GREAT PLACE TO WORK. A GREAT PLACE TO GROW.

Hanover School Division offers a number of exciting career opportunities enhanced by attractive compensation benefits. We work hard to develop a culture that empowers, supports, values, and inspires all staff. Together, we are committed to creating safe, welcoming, and inclusive learning environments that respect the rights, diversity, and dignity of every student and family.

Serving the communities of Blumenort, Bothwell, Crystal Springs, Grunthal, Kleefeld, Landmark, Mitchell, Niverville, and Steinbach, the Division employs approximately 1,100 staff and supports 9,000 students across 20 schools. In addition to academics, athletics, and the arts, HSD offers complete vocational and technology education programming.

PROFESSIONAL DEVELOPMENT

Hanover strives to build the capacity of all staff, so that all students will learn. This concept is embedded in our divisional priorities, and is reflected in our ongoing investment in professional development events and activities. Various PD opportunities are available to teachers, including workshops, courses, seminars, and conferences. Mentorship programming is also offered. A key component in our PD efforts is the HSD Summer Institute. The primary focus of this event is on preparing new and early career teachers for a strong start to the school year, and equipping them with tools to thrive in their new careers. This event runs annually in late August.

SUBSTITUTE TEACHING

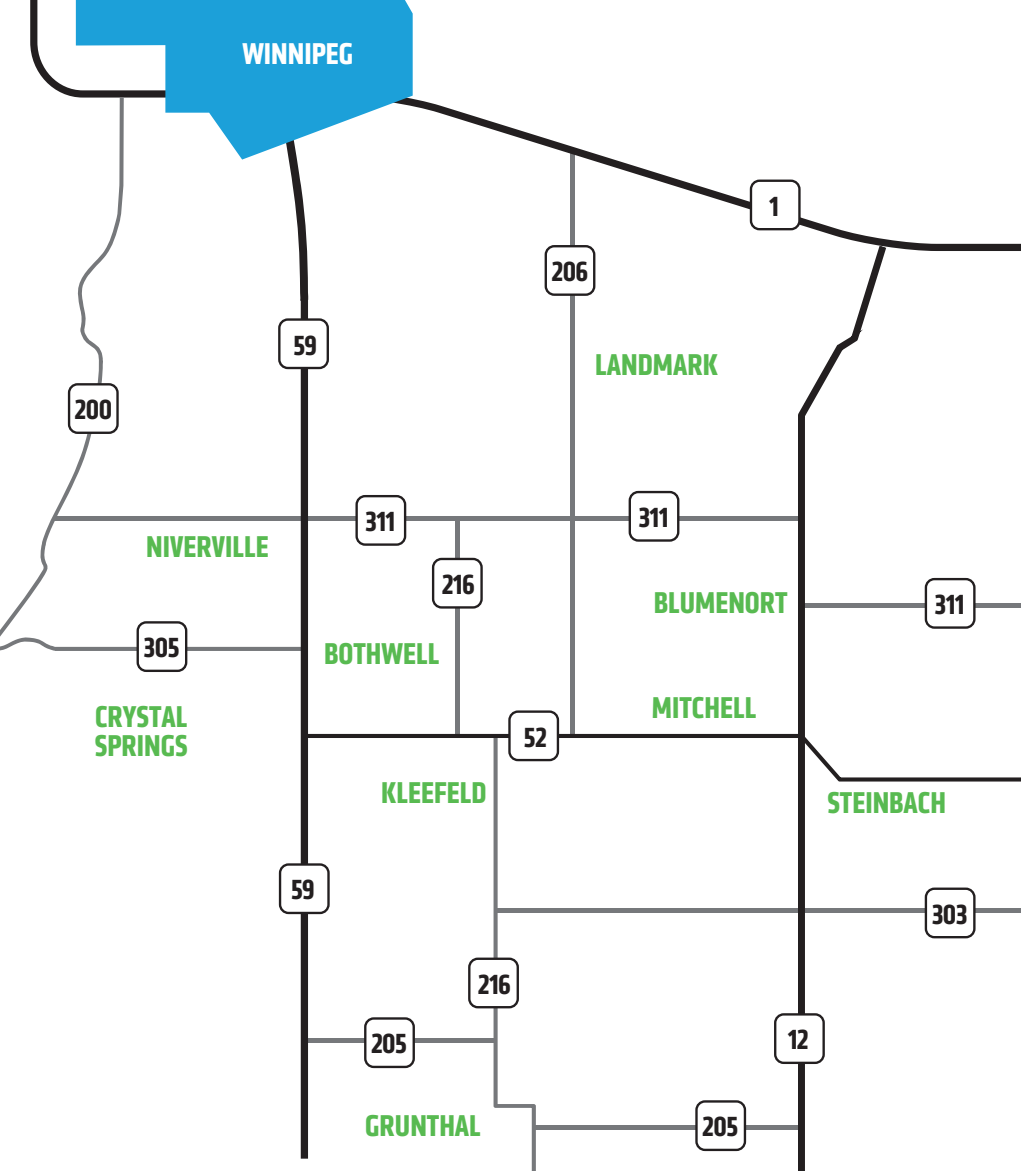

Substitute teaching is an excellent way to develop relationships with prospective employers. HSD typically registers 20-30 university graduates as substitute teachers for the months of May and June. Graduates registering as substitute teachers will be registered for a limited teaching permit from the Professional Certification Unit. If you wish to register as a substitute teacher, please visit our website at HSD.ca to apply online.

DIVISION PROFILE

- 9,000 Students
- 1,100 Employees
- 20 Schools in 9 Communities
- 120 Bus Routes
