

CLASS ENROLLMENT REPORT (2025-2026)

The table below represents the average number of students per homeroom in Kindergarten through Grade 8 across all schools in the Hanover School Division. This reflects the student-to-homeroom-teacher ratio (e.g., an average of 20 corresponds to a 20:1 student-teacher ratio).

When K-3 class sizes exceed 20 students, and Grades 4-8 exceed 25 students, various forms of support may be provided to address the needs of the students and teachers. This may include support from educational assistants, as well as specialized assistance from Learning Support Teachers, School Guidance Teachers, and Literacy Support Teachers. Furthermore, schools may benefit from additional support, such as professional development opportunities for teachers, access to technological devices, and supplementary learning materials to enrich the educational experience.

Average Class Size for Grades K-8									
School	KG	Gr. 1	Gr. 2	Gr. 3	Gr. 4	Gr. 5	Gr. 6	Gr. 7	Gr. 8
Blumenort	19	18	24	27	26	23	22	19	19
Bothwell	8	27	*	28	*	26	*	12	*
Clearspring Middle						25	24	26	24
Crystal Springs	5	*	6	*	5	*	8	*	3
Elmdale	23	22	21	25	22				
Green Valley							24	20	17
Kleefeld	19	21	21	20	23	28	25	23	22
Landmark Collegiate								22	*
Landmark Elementary	15	22	23	24	25	24			
Mitchell Elementary	23	21	23	21	25				
Mitchell Middle						24	23	25	26
Niverville Elementary	19	20	20	22	23				
Niverville Middle						23	22	27	25
Parkhill School	19	20	23	22	21				
Stonybrook Middle						26	23	28	26
South Oaks	21	24	22	22	25	26			
Southwood	17	23	23	23	24				
Woodlawn	21	20	23	23	24				

Data Updated - Oct. 10, 2025

NOTE: For homerooms with mixed grade levels, the total number of students is assigned to the younger grade. For instance, a Grade 3 and Grade 4 class with eleven Grade 3 students and nine Grade 4 students would be recorded as twenty students at the Grade 3 level. Asterisk * denotes grade levels where all classes at the school are multi-grade and the students are counted within the lower grade level.
